Specification of LDPE-15803-020

№	The names	The sorts of the polyethylene
		15803-020
1	Density, g/sm 3	0,9190 +/- 0,002
2	Melt flow index (MFI),%,g/10 min.	2.0+/-25
3	Spread of MFİ in a party, %, no more than	±6
4	Quantity of inclusions. thing %, no more than	2.0
5	Technological test on appearance of film	A or B
6	Resistance to the cracking at breaking , hour no more than	no standartized
7	Tensile yield point Pa (kg/sm^2), no less than	$93x10^5$ (95)
8	Breaking strength, Pa kg/cm^2. no less than	$113x10^5$ 115
9	Elongation per unit length at breaking % no less than	600
10	Mass fraction extractable substances %, no more than	0,4
11	Smell after taste of water extract, no more than	1

Yours sincerely,
SOCAR "Azerikimya" PU
